

Going up!

Improve your business performance with our experience in cloud technology

Who are we?

Founded in Portugal in 2017, Magic Beans was born as Cloud native professional services player. With a team of over 100 certified Native Cloud Consultants and partnerships with AWS, Google Cloud, Azure, Oracle and DataBricks, we've successfully completed nearly 300 pure Cloud projects for 150 clients across diverse industries. Since 2020, we have expanded our presence to Spain and the Benelux, broadening our reach and expertise to support even more businesses.

What sets us apart?

Focus:
Just multi-cloud professional services, specialized on Infrastructure & Applications Modernization, Data & AI.

Talent:
We blend cutting-edge technical knowledge with a deep practical experience to deliver results. All resources are multcloud certified

Customer-Focused approach:
Your growth and success are our top priorities. Close to you & supported by a powerful nearshore center in Portugal.

Our Mission:

To empower businesses by unlocking the full potential of cloud technology, driving accelerated adoption and enabling transformational growth. Get ready for the trip!
